PROJECTS**

THE BACKGROUND HISTORY

- In 2019, I was contacted by Maquil Samyang, then a student in Sudan. He asked me to help fly him back to his country to renew his expired passport, because his country has no Embassy in neither Sudan or in Egypt.
- After he was done renewing his passport and rested for 4 months, it was time to return to Sudan to complete his Islamic study in the African Islamic University in Khartoum.
- He contacted me and informed me that while he was waiting for his passport to be renewed, he decided to start a small Quranic Madrasa to teach the kids in his area how to read the book of Allah, the holly Quran.
- He said to me on the recorded message “Ya Sheikh” I CAN’T LEAVE THESE KIDS LIKE THIS. THERE IS NO ISLAMIC MADRASA OR QURANIC TEACHER IN THIS WHOLE ENTIER AREA, THIS IS A MUSLIM MINORITY COUNTRY”.

THE BACKGROUND HISTORY CONTINUED

He said to me “I AM GOING TO SACRIFIZE MY FUTURE EDUCATION & STAY HERE AND TEACH THESE KIDS THE BOOK OF ALLAH”.

- I promised him that with the help of Allah, to build a big Islamic center for the whole entire area, Insha'Allah.
- Long story short, I contacted brother A'mir Mushtaq in Atlanta and informed him about this noble project. He immediately started funding the building of the schools first 3 classrooms. He also funded the money for us to buy Chairs, doors, and windows for the classrooms. Alongside restrooms for boys and restrooms for girls, and a WELL with clean water for the kids.

2024 ANTICIPATED SCHOOL EXPANSIONS

- This year 2024 Insha'Allah, we would like to expand and add a few more buildings to the school to satisfy the rapid increasement of the number of the children, who are seriously desperate to join the new Quranic school Insha'Allah, this building is already full.
- 1st additional building to be added is: Building another 3 classrooms similar to the 1st building already in the facility.
- 2nd additional building to be added is: A residential building with restrooms attached to it. To house those new kids from neighboring villages Insha'Allah
- 3rd additional building to be added is: A building for Administration & book storage facility.
